Freak Chicken Hatched—A thoroughbred Barred Plymouth Rock chicken was born at the Sam Hargett poultry yard in Holdman last Saturday having four well formed legs. The chicken was just like any ordinary chicken, with the exception that it had on the back end of its back two legs about one-half the size of those it used, and a flap about one inch square hung down over its tail. It follows the mother hen and doesn't seem to realize that it's a quadruped.

Few Sheep for Sale—Several sheep buyers are still in Pendleton looking for sheep of various sorts. There are not many sheep for sale in this county owing to the fact most of the growers sold nearly all their surplus stock last fall and wish to retain most of the sheep they now own.

12 Miles of Potatoes—Joe Campbell a Union county farmer will have 12 miles of potatoes for sale this year. He is using the land along the railroad right of way between Imbler and La Grande. Last year the same man had 10 miles in potatoes.

Holdman Farmers Meeting—The Farmers' Union of Holdman will hold an all day open meeting in the church at that place next Saturday. Good speakers from abroad will be present. A free dinner will be served in the basement of the church at noon.

Sold Some Wethers—Smythe Bros. of Arlington recently sold a band of 2000 wethers to a British Columbia buyer. The wethers were culls from the Smythe bands.

VERDICT OF GUILTY FOUND AGAINST MRS. McFADDEN

LARCENY CHARGE IS SUSTAINED
—PETITION FOR PAROLE
MAY BE MADE.

Mrs. Mildred McFadden, former landlady of the New Grande Hotel in this city, is guilty of larceny. This was the verdict of twelve men Saturday evening and it required but 20 minutes for them to reach a unanimous conclusion. She had been allowed until Wednesday for sentence and it is rumored that at that time a petition for parole will be presented to the court.

The evidence submitted by the state was to the effect that Mrs. McFadden had sold her hotel equipment to Mrs. Anton Kraft, giving a bill of sale which simply generalized the property included. Afterwards, it was testified, she claimed that she expended certain articles of furniture which were packed and stored in a certain room at the hotel, saying at the time that they belonged to the Ladies' Aid of the Christian church.

When, however, she was asked to explain how she had included the piano of one of the lady roomers in the sale and had accepted money for that instrument, it was testified, she agreed to put in this packed furniture to offset the piano money. Then, as a peace offering, she invited Mrs. Kraft out to dinner and, while they were dining, had a day call for the furniture, take it to the depot and ship it out to Pasco. The furniture at this time was billed to a Mrs. Stewart but the state put in evidence to show that it was done so without the knowledge of Mrs. Stewart and was claimed by Mrs. McFadden. At Pike, day clerk at the St. George, who formerly worked for Mrs. McFadden, testified that he had sent the day for the furniture at Mrs. McFadden's directions.

Mrs. McFadden contended that she had never included the furniture in the transaction, it being the furniture of her own room.

2000 MEN COULD BE SENT FROM OREGON TO MEXICO

NATIONAL GUARD READY TO BE
MOVED IN EVENT OF INSTANT
HOSTILITIES.

PORTLAND, Ore., April 20.—Salute or no salute, the Oregon national guard is ready to mobilize within 48 hours. It is no secret, either, that officers are expecting prompt orders to move.

"As Huerta has refused to fire the salute, I think that war will be declared," said Colonel C. H. Martin, U. S. A., commander of the Third Oregon Infantry. "But even if he had given the requested salute the crisis could not be very long postponed."

"We now have nearly 2000 men in Oregon who could be moved almost instantly on command. The infantry will include 1500 men and 51 officers, the battery 171 men and five officers, the cavalry 86 men and three officers and the ambulance companies 72 men and five officers. Besides there are eight companies of coast artillery that could be used in the field. These companies are ordinarily supposed to serve as coast defense but they have been trained as infantry and it would perhaps be thought better to send them to the front in that capacity, rather than send green recruits."

"The peace strength of our companies is only 58 men, with three officers, while the war strength is 103 men and three officers. Then there will be a band of 36 pieces and 21 scouts, as well as a machine gun company of 108 men."

A \$25,000 steel bridge is to be erected at Kellogg, Douglas county.

Parkes this afternoon if an interpreter can be found.

A total of 2735 sacks of grain was the yield, he alleges, and two-thirds of it was due him. James A. Fee is his attorney.

He asks also for the custody of one of their three children.
